

Potential Threats/Hazards

IntelliSchool recognizes the following as hazards that could impact the health and safety of its students and staff. In the event of such emergencies parents and guardians will be notified by school personnel.

Notification to Parent/Guardian if Their Child is Suspected of a Crime

Timely warnings of emergency conditions are essential to preserve the safety and security of the school community and critical to an effective response and recovery. IntelliSchool staff will follow communication procedure as outlined here:

- Upon learning of a suspected crime and assessing the need for local agency support such as law enforcement or fire services, the IntelliSchool school principal will call 911.
- Notification to key IntelliSchool administrators, departments and personnel for emergency response will follow procedures outlined in Part II: Functional Annexes
- Notification of critical personnel will be in accordance with the following:
 - LEA and/or school personnel shall relay threat information, warnings, to ensure the school community is notified.
 - Staff shall respond according to their procedures for emergency operations, unless otherwise directed by the event.
- Emergency notifications, warnings, and alerts will typically be disseminated within the school or LEA using items such as voice command, email, and telephones.
- Parent/Guardian will be notified by principal.

Law enforcement agencies and other emergency services may be required to disseminate emergency warnings to the public who cannot be reached by school primary warning systems.

Consequences for Failure to Follow Safety and Notification Guidelines

Any and all school personnel for failing to perform duties as prescribed will face disciplinary action including possible dismissal.
